1. [REDACTED] INTELLIGENCE BRIEFING Called Richard Perle, staff member of the Senate Government Operations Permanent Subcommittee on Investigations, to clear up just what kind of briefing he wanted. He said he had sent two requests. One was for a briefing of technology transfer and one for an update on new developments in SALT. I said I would check on the SALT business, but thought that Gus Weiss, of the White House, had taken care of this. He said he had spoken to Weiss and learned that Weiss was going to be out of town for ten days. Accordingly, he needs the briefing on both subjects from us this week. I said I would be back in touch.

2. [REDACTED] EMPLOYMENT REQUESTS Sue Miller, in the office of Senator Abraham A. Ribicoff (D., Conn.), called to discuss the processing of the application for employment of a constituent. The constituent was refused and wanted to know what procedures to follow to submit a FOI request to get access to his application papers to determine the reason for his refusal. Ms. Miller said the individual did not appear to know the reason. We agreed that it probably would be best for the individual to discuss his application with a responsible representative of the Agency. After discussing the call with [REDACTED] OP, I called Sue Miller back and gave her the name and number of [REDACTED], OP, and she will suggest to the individual that he call [REDACTED].

3. [REDACTED] INTELLIGENCE BRIEFING Called Charlotte Wilmer, Administrative Assistant to Representative John Breaux (D., La.), to inform her that we were preparing material on Cuba for the Representative to digest before talking to an Agency specialist on his particular area of interest. She was pleased with this arrangement and thanked the Agency for this support.

4. [REDACTED] INTELLIGENCE BRIEFING Lewis Gulick, staff consultant, House International Relations Committee, called. He will call me again this Thursday to arrange a session at which Agency analysts will brief him on various aspects of the international food situation.
